# linssen 55 sl ac variotop®

## Description

### Linssen 55 SL AC Variotop®

The Grand Sturdy 500/550 AC Variotop® has always been the yard's flagship. This yacht has been built with this unique convertible top since 1996. With this, the 500 AC Variotop® has always stood alone. .

The Grand Sturdy 550 AC Variotop® has been regularly improved and renewed over the years. The technology has been upgraded to a newer generation, with small details, but sometimes large parts, being replaced and improved. The exterior has received the latest SPH® hull shape for even better cruising characteristics and the interior is fresh, modern yet timeless. In addition, the latest generation of Variotops is a true "one touch" version with the latest electronic controls

### First Variotop® in the SL series

The Grand Sturdy 550 AC Variotop now gets a real "sister" in the SL Series. With an overall length of 16.50 meters, this will be the Linssen 55 SL AC Variotop®. A particularly luxurious motor yacht. The design of this SL was also created in collaboration with KesselsGranger Designworks and this is clearly visible in the consistently implemented style. The sleek and modern look with contrasting shades of gray in the salon windows and Variotop wheelhouse is evident. The rising waterline and bow shape also provide the recognizable "Sports Luxury" look.

Tough with style
