

SALE NEW

ferretti yachts 780

Description

Ferretti Yachts 780, the sporty flybridge yacht.

Evolution is the key word that characterises the Ferretti Yachts 780, with a change of look and a series of novelties both in terms of design and optimisation of living spaces. The glass surfaces of the hull give the Ferretti 780 a sportier profile. It also has a new flybridge layout and the interior design is available in two styles: classic and contemporary.

Outside, at the front of the boat, a spacious saloon with a U-shaped sofa and a huge central sundeck allow you to enjoy the beautiful summer days. Aft, over the beach area, both sections of the stern door drop down to make room for two large sunbeds inside for relaxing by the water.

Inside, large glass areas surround the living area providing a sense of space and connection to the outdoors. On the lower deck, the standard layout of the guest section includes four cabins, all with en-suite bathrooms. The master cabin, amidships, is flooded with natural light thanks to its large windows, and its layout maximizes the available space. Accessible from the cockpit, the aft crew quarters are designed to offer maximum comfort and are composed of a captain's cabin and another for the crew.
