

SALE NEW

custom line Navetta 37

Description

The Navetta 37, is the new semi-displacement flagship and the largest ever built by Custom Line. This new super yacht conveys the values of seaworthiness, comfort, safety and customization – all part of Custom Line's DNA – into a revolutionary product in terms of style, design and space, placing at the top of its class. The Navetta 37 is 37 meters long with a maximum beam of 8 meters. It features a new semi-planning hull with a bulbous bow that ensures the utmost efficiency in any sea conditions. It impresses with its clean lines, well-balanced spaces and meticulous attention to every detail, which makes it an incredibly innovative yacht with a timeless style. This yacht features harmonious contours and stylistic features unseen before. Its clean, streamlined, light design also conveys great stability and strength. The front of the hull rises up to the first superstructure level. This adds a sense of power and character to the bow, giving this super yacht an imposing presence on the water too. This new super yacht represents a major step forward in terms of acoustic comfort. The concept of comfort and safety is also an important goal when at anchor with the electro-hydraulic stabilizing fins, featuring both underway and zero speed modes, which reduce rolling and are standard. Gyroscopic stabilizers can also be added upon request. In addition to the underwater lights installed on the stern and bulwark, a very useful light has been fitted onto the bulbous bow, ensuring improved safety while navigating and maneuvering at night.
