mochi craft Dolphin 64 cruiser

2 484 000 € EX. VAT

Description

Victory Design, designer of the Mochi Craft hulls, offers the Dolphin 64 'Cruiser a new spirit to the lobster based on the success of its elder, the Dolphin 74' Cruiser: blue hull at the express request of Norberto Ferretti, purified line and large glass surfaces, the 64 'Cruiser gives a new dimension to the Mochi Craft spirit! This model, like its predecessor, poses as a symphony dedicated to comfort: teak deck, large passages leading to a sunbathing bow and meal space, but it is by its extraordinary flybridge that the word "Cruiser" takes all its meaning: a huge space now covering the entire rear deck dresses the upper deck, easily accommodating deckchairs, table or any other important facility. From now on, YOU are master of every part of the 64 'Cruiser! New design, with deeper and brighter side windows, and a new idea of comfort: Mochi Craft revisits its best-seller and adapts it to the evasion needs of its new owners.
