ferretti yachts 580

Description

Ferretti Yachts 580, the fine time machine! The Ferretti Yachts 580 is a timeless and modern yacht, which combines all the necessary assets to guarantee comfort and extreme well-being on board. Its new exterior design gives it a sleek and sporty look. The yacht is also distinguished by its large, functional flybridge with integral sunshade at the bow; sophisticated decoration; a cockpit with double side access to the beach platform; and numerous pragmatic solutions for saving space and storage. This Ferretti Yachts 580 has large windows and ceiling heights of at least 2 metres, which provide excellent visibility both inside and out. The saloon is thus bathed in light, highlighting the luxurious furnishings. Two interior ambiances are possible, classic or contemporary, for a personalized decoration, in the image of its owner. On the outside of this yacht, there are many new features in the cockpit. In particular, a convertible dining area "al fresco", which allows the sofa to be transformed into a sunbathing area while keeping the dining area. The cockpit is also connected to the galley via a hidden window and joins the aft deck via two staircases on each side! As for the magnificent flybridge of more than 18 m², it has many multi-functional spaces and includes a fully equipped bar, a lounge area with dining table and a large sunbathing area at the front. You can choose between a bimini or a black or white hard top. Many revolutionary new features on a yacht of this size! The Ferretti Yachts 580 is a timeless yacht with all the features and comfort of today!
