wally Wallywhy100

Description

Wallywhy100, the crossover yacht!To meet the demand for a smaller yacht within the Wallywhy range, Wally has designed a crossover yacht that offers the same volume and spirit of innovation in a more compact and agile version. Measuring under 70 feet, the wallywhy100 is a coupé that breaks the rules.At the heart of the yacht is the flush D62 deck, which extends uninterrupted from bow to stern. Versatile by nature, it stylishly adapts to different occasions with a hybrid indoor-outdoor concept that includes a dining area for six people, two sun loungers, a bar, and a kitchen. The atmosphere can be transformed with the retractable side walls and rear doors, while the enclosed wheelhouse allows the cockpit to be turned into a cozy cinema room.The yacht's generous volumes, interpreted through Wally's refined and minimalist aesthetic, offer a spacious owner's suite at the center of the boat. For the first time on a yacht of this size, the en-suite bathroom is separated by an elegant glass partition, creating a feeling of light and space. The ample VIP cabin and twin cabin also challenge conventional volume standards.Direct contact with the water and stunning performance are part of Wally's DNA, which is why the yacht features an expansive beach club with folding walls. The hydraulic gangway doubles as a swim ladder, while the entire aft platform lowers to launch tenders and water toys. Not to be forgotten is the forward cockpit, a sheltered and comfortable spot to enjoy an aperitif while admiring the sunset over the sea.
