Description

Modern, sporty design

The Pershing 6X features a dynamic, sporty and elegant silhouette, with a carbon fibre hull that combines lightness and strength.

The exterior architecture is by Filippo Salvetti, and the interior is designed by Paolo Pininfarina, adding a touch of contemporary luxury and sophistication.

Exceptional performance

This yacht is powered by twin 1550 hp MAN V12 engines, enabling top speeds of up to 48 knots, providing an incomparable sailing experience.

The deep-V hull and optimised design offer exceptional stability at high speeds, even in difficult sea conditions.

Comfort and space

This Pershing 6X combines comfort and space with modern interior fittings, a spacious saloon, a fully equipped galley and two luxurious cabins to accommodate up to 4 guests.

The high-end materials used inside, such as lacquered wood, leather and fine fabrics, create a refined and welcoming atmosphere.

Advanced technology

The yacht is equipped with a state-of-the-art navigation system, with an intuitive instrument panel and an electronic performance management system.
