led Eagle 44

MARINA YACHT SALES

200 000 € All Tax Included

Description

"The seaworthiness, charm, comfort and interior spaces of the LED Eagle 44 respond exactly to what a demanding owner could wish for. All the details on deck and in the cabin have been taken care of down to the smallest detail. The LED Eagle 44 has a double-step hull, which allows it to have less friction on the water with consequent lower fuel consumption and better performance, for a vehicle that can install both stern drives and surface transmissions. LED Eagle 44, the eagle has taken flight.

At the bow and stern we find two large sundecks that remain firmly anchored even at high speeds thanks to the innovative fastening systems. The huge bathing area dominates the stern, with a large platform and step that, if necessary, serves as a seat and storage compartment for aquatic equipment. The leaving area is very large with a comfortable sofa for five people, a kitchen cabinet with a 130-liter refrigerator, burners, sink and cutting board, as well as a comfortable removable table.

This extremely large and livable area is made even more comfortable by the telescopic awning (optional)."

EXCELLENT GENERAL CONDITION, + AGENCY FEES

Volvo engines of 370 hp with 300 hours and feet landed 2023 extraordinary maintenance with Volvo Penta invoices, new bearings, hull sandblasting
