

riva Ariston

200 000 € + VAT

Description

"Ariston" from the Greek "the best, the most excellent". Its beautiful smooth curves in the bow that taper elegantly towards the narrow, low transom, all decorated with a very smooth and unbroken classic mahogany decking, make it one of the most instantly recognizable and beautiful powerboats of all time. The standard Ariston remained in production until 1971 and the Super until 1974. By this time, over 1,000 boats had been built.

Complete refit performed and engines brought back to zero hours by a specialized shipyard in Riva, located on Lake Maggiore. No work to be done, truly perfect boat.
