Description

Merry Fisher 1095 Coupé

The Merry Fisher 1095: The joy of cruising

The Merry Fisher 1095 takes full advantage of the new world of outboard motors. Previously, cruising with outboard engines on boats over 10 meters (34 ft.) seemed impossible, until now. This new combination promotes ease of use and guarantees exceptional performance for a promising future. The Merry Fisher 1095 will be the flagship of the line, with a hull designed specifically for this type of drive.

In addition to this important innovation, the Merry Fisher 1095 offers key features that define its personality and its success.
