

SALE NEW

linssen 50 sl variotop

Description

The Linssen 50 SL AC Variotop® is the smaller version of the Linssen 55 SL AC Variotop® and the sistership of the Grand Sturdy 500 AC Variotop®. With a three cabin layout she sleeps 6 people comfortably. The large saloon offers plenty of living space with a large galley and seating

Variotop® wheelhouse

The most recognisable location of the Variotop® is, of course, the wheelhouse. It's really well heated and sheltered under the Variotop® when the weather's not so good, or open when the sun's shining - but sheltered from the wind - when weather conditions permit. By adjusting the electric helm seat to the highest position, you can raise yourself above the windscreen to enjoy a clear view.
