FIM REGINA 440, great success at the Düsseldorf '24 Boat Show.

The FIM 440 REGINA, the latest jewel from FIM (Fabbrica Italiana Motoscafi) was born from the pen of the studio of Alessandro Lottici, esteemed designer of the most important brands in the nautical sector.

Captivating lines combined with a large windshield and excellent air circulation in the cockpit thanks to the Hard Top with lamellar opening. It offers a large full-beam owner's cabin in the stern, an elegant dinette in the bow, which can be electrically converted into a real second cabin and two bathrooms. The interiors are modern with luxurious and refined materials. In the exterior, the elegance of the design blends perfectly with the sporty spirit of this new 100% Made in Italy model.
