nautor swan Swan 82s stella

42 000 € All Tax Included

Description

The Swan 82S 'Stella' is a sailing yacht crafted for performance and comfort. Built in 2006 and comprehensively refitted in 2024, it accommodates up to six guests in three cabins: a master suite, a double cabin, and a twin cabin. The yacht also has space for three crew members.

Over the past winter, Stella underwent a complete refit at the Swan Service Centre in Badalona. The updates include a new teak deck, a navy-blue hull repaint, a full rigging service, new sails, and upgraded electronics. These enhancements provide a contemporary look and ensure Stella is ready for the 2024 season.

In terms of performance, Stella features a replacement rudder and keel that enhance balance, acceleration, and pointing ability. A Hall Spars carbon fibre mast, installed in 2016, reduces weight aloft and improves overall stability and sailing performance.

Weekly Rate: €42,000 + 25% APA + VAT
