cantieri canaletti Motoveliero

85 000 € ALL TAX INCLUDED

Description

JARIMA is a classic 14.60-meter motor sailer, totally refitted between 2019 and 2022, designed by Bruno Veronese and built by the Canaletti Shipyards of La Spezia in 1974 and allows those who get on board to take a dip in the past thanks to the typical lines of vintage boats, while still offering all the comforts of modern boats. During the restoration, the interior spaces were redesigned to give greater comfort to life on board, in fact, thanks to the size of the boat, a high habitability is guaranteed. The deckhouse was completely rebuilt with 2 cm thick solid teak wood and a new bow truster was installed. On the all-teak deck there are large sunbathing spaces and seats to enjoy sailing. Inside there is: A comfortable dinette with new and tailor-made windows and portholes. An aft cabin with 2 separate beds and an en-suite bathroom. A forward cabin with a double bed + 2 bunk beds and an en-suite bathroom. The galley complete with refrigerator has been redesigned to offer the possibility of cooking as if you were at home. The whole boat inside is at eye level, even the sleeping cabins are therefore decidedly claustrophobic-proof. In both bathrooms the toilets are electric. There is double wheelhouse, one internal, the other external. At the stern and to the side there are ladders to go down to the sea. The sailor's cabin is separate at the bow. 2015 mainsail and jib, 2020 rigging, 2020 boom, 2020 painted and refitted mast. Boiler. Tanke gray waters. New ropes and sheets. Two 24 . New mattresses. LED lights, 3 new bilge pumps.

Staging and technical:

Water pressure pump, 6 Batteries (4 servizi e 2 motore del 2021), Teak
