

SALE NEW

jeanneau Cap camarat 10.5 wa serie 2

PRICE UPON REQUEST

Description

The Cap Camarat 10.5 WA is now available in a version with a integral windshield. This tall wraparound windscreen clearly defines the area around the helm station, sheltered from the elements. Well protected, the pilot and copilots can still enjoy the sea breeze via a ventilation system located at the top of the central panel. Additional comfort provided by the full windscreen inspires greater confidence when facing the elements, for peace of mind while taking full advantage of the boat's cruising performance. With this new version, the overall style of the boat has been redesigned for a more assertive, sportier look and feel.

The Cap Camarat 10.5 WA invites you to extend your stopovers on the water in the greatest comfort. Perfectly integrated into the profile of the boat, the optional T-top enables you, with the addition of a sun awning aft, to dine in the shade. The outdoor galley, backing the seats of the helm station, includes a fridge, electric grill, a gas burner, storage, or even a live well to hold the catch of the day. Down below, optionally equipped with air conditions, the spacious and comfortable interior also features a second separate cabin aft. Forward, the traditional breakfast nook converts into a V-berth with separation curtain. This day boat has everything to give you a taste of cruising and nights at sea. With the Cap Camarat 10.5 WA, wait no longer to explore small creeks or to make long-er crossings. With a cruising speed of 20 knots, and peak speeds at over 40, the V-shaped hull designed by Michael Peters brings more strength and rigidity to this sport boat. Once at an-chor, there is something for everyone: a forward cockpit with three integrated chaise
