guy couach 1150 fly

47 000 € All Tax Included

Description

This 1988 Guy Couach is stylish and resolutely vintage. It's like a small home on the water, but not only ... From the renowned Guy Couach shipyard in Gujan-Mestras (Arcachon basin), established in 1897, this boat has a sea keeping ability that no longer needs to be proven.

Its 2 370 hp IVECO AIFO engines, repowered in 2003, will carry you up to a cruising speed of 22 mph, with an average fuel consumption of 40 l/h.

The unique feature of this boat is that it has been redesigned and modified by the shipyard itself to redesign the fly and reduce its air draught to 2.80m, allowing it to pass easily under the bridges.

Life on board is pleasant thanks to its spaciousness, 2 cabins and 2 bathrooms,

a full galley with fridge/freezer and gas stove for increased autonomy, even though the boat has a MASE generator, renovated in 2022.

Ideal for fishing trips, with a beautiful aft cockpit, rod holders and a small bathing platform.

On the electronics front, FURUNO radar, sounder/plotter and Robertson autopilot. The boat is equipped with a liferaft.

Feel at home either alongside a quay or in a creek and enjoy the convenience of a flyboat without the inconvenience of its height.

Feel free to contact us for more information, no commitment
