

SALE NEW

astinor 1275

145 000 € All Tax Included

Description

With its bow thruster for greater manoeuvrability, the Astinor 1275 (12-meters flybridge) offers a very spacious interior (3 cabins and a convertible saloon). It will meet the expectations of deep-sea fishing lovers (large cockpit, side decks, fly-bridge with ergonomic access) as well as coastal cruising amateurs.

The 1990 Spanish shipyard has announced a range of 350 miles thanks to its 2 Yanmar 440hp engines, which have 700h.

She has all the comforts of a large cruiser, with spacious sunbathing areas forward and on the flybridge, a comfortable owner's cabin with separate bathroom, two guest cabins with shared bathrooms, and a welcoming air-conditioned saloon.

It is a harmony of elegance (teak), sobriety and functionality (various stowage spaces and good layout).

Spanish flag, Yanmar professional maintenance
