Description

This 26-meter boat represents a perfect combination of aesthetic refinement, marine functionality and absolute comfort. Designed for long cruises in the Mediterranean and beyond, it offers stable, quiet and pleasantly relaxing sailing. The solid construction is accompanied by an elegant and proportionate design, with soft lines and generous spaces, designed to accommodate up to ten guests in maximum luxury. The dual engine guarantees reliable performance and optimised fuel consumption, allowing a cruising speed of around 10-12 knots. The three decks offer versatile environments for both relaxation and conviviality, with sunbathing areas, outdoor dining areas and easy access to the sea.

The organization of the spaces guarantees privacy and comfort, both for guests and crew. Each room is cared for down to the smallest detail, with modern furnishings, warm tones and fine materials. On-board technologies include stabilizers, air conditioning, Wi-Fi, audio-visual systems and advanced navigation instruments.

Designed for those who want an authentic and refined experience at sea, this boat is ideal for private charters, family cruises or romantic trips. On-board equipment also includes water sports equipment, tender, bathing platform and equipped flybridge.

Every detail has been designed to offer a relaxing, elegant and memorable stay on board, with the perfect balance between life in contact with the sea and the comfort of a floating luxury hotel.
