Description

Giulia is a beautiful example of GS 40 Paperini with a classic layout with 3 cabins and 2 bathrooms, which has been constantly followed and maintained and which has never been chartered. Equipped with an aluminum Sparcraft mast with two rows of spreaders and a draft of 2.15, it has 6 Harken winches, an excellent set of sails and good equipment for a fast cruise without excesses and always comfortable.

Raymarine electronics have been completely revamped with state-of-the-art components: The Axiom plus 7' touch plotter in chart mode stands out.

Two solar panels on the bimini with chart voltage regulator ensure long autonomy at anchor.

The predisposition for heating makes it easy to install a Webasto-type system.

Giulia is really the ideal boat for those who love a fast cruise, but don't want to reduce the canvas too soon!

The GS 40 Paperini with its cherry mahogany interior designed by Patrick Roseo is perhaps Cantiere del Pardo's most iconic boat
