Description

The Steel Motorsailor 34MT gulet is a steel-hulled sailing boat built in 2007 by the renowned Mastori Yachts shipyard in Bodrum, Turkey. This 34-meter yacht combines the classic elegance of traditional Turkish boats with contemporary design and modern technical solutions. Built according to RINA and IACS standards, the hull guarantees solidity and safety when sailing. With 592 m² of sail area and two 440 HP MAN engines, it offers smooth sailing both under sail and under motor, with cruising speeds of 10 knots and a maximum of 12.4 knots.

Designed to accommodate up to 10 people in 5 luxurious cabins, the gulet also offers separate crew quarters. The exteriors are among its strengths: the aft deck houses a large outdoor dining area with a large table and upholstered seats, perfect for convivial dinners. The wide side passages lead to a spacious and flat foredeck, furnished with sun loungers and a cozy seating area, ideal for relaxing or organizing parties under the stars. The outdoor spaces are completed by a sun deck dedicated to sunbathing and a second sitting area in the bow, perfect for quiet moments.

Equipped with plenty of water sports equipment, tenders and modern technology, the gulet combines the charm of tradition with contemporary comfort. It is the ideal choice for those who want to experience the sea in style, without sacrificing luxury, safety and freedom.

The interiors of the Steel Motorsailor 34MT offer a sophisticated, spacious and welcoming environment, designed to ensure maximum
