sansita yacht 660 fly

1 600 000 € EX. VAT

Description

The Sansita Fly 66 is a masterpiece of Italian naval engineering and design, designed to offer the ultimate in comfort, style and performance. With a length of 19.75 meters and a width of 5.15 meters, this boat represents the perfect balance between elegance and functionality. The hull, built with vacuum infusion technology, uses epoxy resins and glass fibers to ensure superior lightness, strength and durability, comparable to those of the most advanced aircraft and spacecraft.

The shipyard offers these exclusive fully customizable motor yachts, helping the owner to realize the desire to own a unique boat, in total harmony with their way of experiencing the sea. Added to this custom-made spirit are the typically Italian style and design, the extreme solidity and reliability of the yachts and the comfort of navigation. This version boasts sleek lines, modern furnishings and refined details, which express a contemporary aesthetic sensibility without sacrificing marine functionality. Powered by a 1200 horsepower MAN V8 twin engine, the Sansita Fly 66 reaches a top speed of 31 knots and maintains a stable and smooth cruise at 26 knots, with an estimated range of about 225 nautical miles. The manoeuvring joystick and 360° thermal cameras make navigation intuitive and safe, even at night. The flybridge, available in three different layouts, offers large and well-distributed spaces: sundeck, equipped galley, relaxation area and electric or carbon hard-top bimini top, to enjoy the outdoors in all conditions. Equipped with advanced home automation, Wi-Fi connection and home theater system, the Sansita Fly 66 redefines the
