## Description

If any boat defines Chris-Craft, it is the Corsair series. Like several other models, the Corsair 25 has a whole new look and feel this year! With more luxurious teak from bow to stern, and a larger teak swim platform, this runabout is stunning from any angle. Practical and comfortable, the Corsair 25 beautifully combines craftsmanship and quality. The Corsair 25 has a stylish foredeck that provides an uninterrupted forward view and a useful cuddy cabin underneath.
