**85 000 € ALL TAX INCLUDED**

## Description

---

The Baia 50 Force One is one of the most iconic expressions of the Italian shipyard Baia, internationally known for the construction of high-end motor boats. The company stands out for its use of advanced construction technologies, cutting-edge design and a strong focus on performance. The B50 Force One model perfectly embodies this philosophy, with a deep-V hull that guarantees exceptional stability even at high speeds, combined with a sporty and sharp line that conveys elegance and power.

This particular example, built in 1990, benefited from a total refit in 2019, which completely renewed its style and equipment. Among the main changes stand out the installation of a rigid hard top, the addition of glass glass for greater brightness and visibility, and a new AISI 316 steel structure. Passage to the bow has been made easier thanks to the central opening, while livability on the quay is improved with a perfectly integrated PIN Craft retractable gangway. At the stern, the electric doors, the double cushions, the large sundeck and the teak upholstery complete a prestigious sports cruiser layout.

Propulsion is entrusted to two MAN engines with 800 hp with Arneson surface propellers, capable of pushing the boat up to 45 knots. The Baia 50 Force One is therefore the ideal synthesis of luxury, technology and adrenaline, suitable for those looking for sporty sailing without sacrificing style.

### Interior description

The interior of the Baia 50 Force One was redesigned in 2019 with a careful overhaul of the spaces to ensure maximum comfort while on
