## Description

---

The E26 Classic is an eight-metre boat which expresses its vocation as luxury tender for a beachfront property or a large yacht on a cruise in its refined aesthetics and attention to detail. It exudes a noble spirit with strong references to the classic heritage and tradition of wooden boats. The E26 Classic is at the same time a high-performance vessel, a perfect daycruiser. Built using an expert combination of natural and high-tech materials, the E26 Classic is a vessel ideal for both coastal journeys and use on the open sea.

Designed by Christian Grande, the E26 Classic features clean, fluid and minimalistic lines. Its profile is characterised by the markedly vertical bow stem. The wrap-around full-beam windscreen offers protection, inviting the helmsman to awaken the boat's gritty and sporty nature. A character which is perfectly in keeping with the style of the steering console, the chairs and the upholstery in general.

On-board comfort and well-being are enhanced by refined and elegant details and by a functional layout which favours time spent on deck, but also includes a small cabin and a head positioned under the bow deck, to ensure a comfortable stay on board for an entire day and even overnight.

Navigation equipment:

Electronic engine control, chronometer, Co-pilot seat (Pilot and co-pilot seats with manual height setting and 360 degrees rotation).

Staging and technical:

Alternator, Anchor (Anchor Ultramarine stainless steel 8 kg), Electric Engine Compartment Opening (Servo assisted engine room hatch with
