**solemar Sx 34 cabinato - presto disponibile PRICE UPON REQUEST**

## Description

---

Solemar SX34 is a versatile and elegant boat, almost 11 meters long, characterized by an asymmetrical design and a modern, three-dimensional steering console. It offers a comfortable adjustable driver's seat, which can be transformed into an additional seat at the table. The high hull, the handrails and the side fins guarantee safety. At the bow and stern there are large sundecks with comfortable backrests and relaxation areas that can be shaded by rollbar. A port side corner bar makes moments on board pleasant, while the aft platforms facilitate access to the sea. Below deck is a bunk with a bed and a foldaway bathroom. The cushions, available in four variants, express the identity and passion of the Solemar brand.

Soon it will be available at our dealer in Fonteblanda GR. For personalized quote and
