A&C Yacht is the official Jeanneau dealer in Caribbean.

The Sun Odyssey 440 is an innovative yacht with the Jeanneau concept of continuous gangways.

It features a clever deck layout, with sloping gangways that allow circulation from the front of the deck to the cockpit.

The pure and elegant lines designed by Philippe Briand improve: Performance thanks to the straight bow which extends the maximum waterline length
Comfort thanks to an advanced mast offering beautiful volumes and a vast cockpit open onto a bathing platform. Stability thanks to the chines which give the canvas more stiffness and optimise the interior living space. The Sun-Odyssey 440's deck layout is flawlessly efficient:
