Description

M/Y JOYME – Reliability, Character & Contemporary Luxury
With her bold personality and striking red-wrapped hull, JOYME is a 49.9-metre full-displacement motor yacht built at the historic and reliable Kraljevica shipyard in Croatia, one of the oldest continuously operating shipyards in the world building military ships, merchant ships, sailing & motor yachts.
Originally launched in 2011 and comprehensively refitted in 2024— including a full repaint and modern upgrades—JOYME blends proven engineering with fresh aesthetics.
Built in steel and aluminium under Bureau Veritas classification and fully MCA-LY2 commercial compliant, she offers both technical reliability and charter readiness. Her standout design by Philip Zepfer & Srdjan Djakovic offers spacious accommodation for 12 guests across 6 staterooms, supported by generous crew quarters for up to 12.
Whether considered for private use or high-end charter, JOYME stands out as a stylish and seaworthy yacht that combines Croatian shipbuilding tradition with modern comfort and compliance. Boasting a range of 3000nm at 12kn, she is totally able to do a Med to Caribbean crossing.
Deeper technical specifications in "Other Details" section and full specs on demand.
