

SALE PRE OWNED

hatteras 60' convertible

490 000 € ALL TAX INCLUDED

Description

The stable and aerodynamic Flying bridge Hatteras 60 Convertible allows precise and safe sailing in all wave conditions. It features a hull that provides superior strength, reduced weight and improved performance.

The variable deadrise hull shape offers a combination of efficiency and stability. The convex sections of the bow soften sailing in rough seas, while the flat sections at the stern reduce drag. The double chines and the exaggerated flare of the bow ensure a dry and comfortable trip, essential for long fishing excursions.

Inside, the yacht offers a refined layout with three cabins and three bathrooms and an elegant saloon with high-quality finishes and features designed for comfort and functionality.

Two of the three cabins have queen beds with storage space and private bathrooms. Entering the saloon on the port side there is a comfortable dinette while on the lower floor there are the Master, VIP and Guest cabins as well as the service bathrooms.

The 151-square-foot cockpit is fish-ready with a bait and tackle center, a retractable bait freezer, rod holders, seawater and freshwater washes, a pop-up storage box with macerator pump, and a refrigerated compartment that doubles as a live fish tank.

The wheelhouse is easily accessible, all instruments are within easy reach and easy to maintain.
