cranchi E30 endurance

295 000 € EX. VAT

Description

Piloting the Cranchi E30 Endurance is a real pleasure. A tried and tested hull—efficient and precise—the vessel makes the best use of the available power, reaching a top speed of over 32 knots. What stands out most of all is the pleasant driving experience. The boat is reactive, prompt, and never nervous. It holds its line very well and has a very tight turn radius. This is the benefit of having just one engine and well-designed waterlines. To further enhance onboard comfort, a Seakeeper stabilizer has been installed, significantly reducing roll and ensuring a smoother, more enjoyable ride whether underway or at anchor.

The E30 Endurance has a glorious history behind it: the model features a renewed concept and design of the legendary Endurance line, dating back to the 1980s and constantly kept up to date in order to stay at the cutting edge in the sector.

The 9.85-metre daycruiser features soft lines and refined details with a sporty, vintage style that enhances both functionality and elegance.

The height of the indoor areas, the level of comfort, and the extremely elegant décor choices make this yacht ideal for cruises of a day or longer. The spaces are bright and airy thanks to six light points and the plexiglass door.

Versatility is a key strength of the E30. The interior table lowers to convert the seating area into an additional bed, creating sleeping space for up to three people on the lower deck. Outside, the cockpit table also lowers to form an extra sunbed—perfect for relaxing in the open air.
