**lagoon Lagoon 620 essence**

**1 450 000 € EX. VAT**

## Description

---

### Lagoon 620 : THE ART OF LIVING

Designed by the architects Van Peteghem and Lauriot-Prévost (VPLP) in association with the Lagoon R&D department, the Lagoon 620 is an innovative solution to the needs of today's cruising yachtsman: Strength, comfort and performance.

In the dining room, the settees and ceiling enable more effective indirect lighting.

The Lagoon 620 benefits from Ambiances created by Nauta for the "large" Lagoons with complete interior layout packages elegantly incorporating wood finish, upholstery, inner liners, and more...

### ABOVE DECKS

Flybridge with double helm station provides perfect visibility when setting sail or maneuvering

A functional flybridge that can also accommodate visitors thanks to separate crew and reception areas.

A large sun-deck forward

Forward and aft cockpits: a private area or open to guests, depending on your mood

Perfectly designed transom platforms for easy access to the sea when bathing or boarding a dinghy

Ease of movement around the boat thanks to flush deck panels and wide side decks that make for a generously proportioned boat with a practical design

Saloon and cockpit are beautifully integrated and include a "wet bar", areas for lazing around, and the option of taking meals inside or out
