Description

Every meter on board is used for socialization and practical life; inside and now also outside, with a myriad of new solutions and features on board, whether it's a cruise or an anchor stop. The Axopar 37 ST elevates outdoor spaces to equal importance and functionality, as sociable and practical as they are comfortable inside. This boat, with its multi-purpose characteristics, when it was launched in 2016, immediately proved to be a perfect combination of open and closed boat. Enjoy a beautiful sunny day with the family, savor "outdoor" dinners, organize a party with friends or for those who love the feeling of managing an open boat but still protected from the weather. The 37 Sun Top, with its full-length shaded roof, is packed with a myriad of innovative features and comforts. The extended roof provides the best possible shade and weather protection, without compromising the space and versatility of the walkaround sides and aft deck area. The new optional luggage rack and multiple storage compartment allow you to take all your adventure gear with you. Price plus agency fees.
