Description

Boat kept in a maniacal way!

We see many boats, but a boat followed in this way had not yet happened to me, it is a boat from 2002 that is comparable to a boat that has just come out of the shipyard.

A boat with a very limited consumption, at 29 knots it consumes only 60 liters per hour for both engines.

We can send you many more photographs than those on the ad (on request).
