## Description

---

The Libeccio is a wooden boat with classic and elegant shapes. The external layout is arranged in such a way as to leave ample and enjoyable space aft.

The design of this boat is Norwegian and dates back to 1951.

Riggable with Bermuda or Marconi sail.

The project was purchased in 1961 by an Italian gentleman, who then entrusted the construction to a shipyard in Pesaro (1963-1964).

### INTERIORS

1 cabin 1 bathroom

Dinette with central table and symmetrical sofas on the sides

### INSTRUMENTATION

Compass

Autopilot

Engine Tools

### ARMAMENT

Cockpit cushions

Street lights

Spiral Rigging

Rudder cover

In recent years, maintenance work has been carried out by a renowned woodworking shipyard.

The exteriors are in more than good condition. The teak and the coments are uniform, the woods of the deckhouse and gunwale are polished. The blue of the hull is bright and has only a few small marks.

The interior would need a general refresh to return to perfect condition.
