

SALE PRE OWNED

cnb 60

590 000 € ALL TAX INCLUDED

Description

This CNB 60, launched in 2016 by the yard following an initial order that was not completed, effectively began its life that same year. It stands out today for its remarkable condition and its recent upgrades, including a carbon rig and the latest-generation lithium battery bank, ensuring both reliability and performance.

A true bluewater cruiser, it combines power with elegance. While highly capable at sea, it has been designed for easy handling by a small crew or family. Hull #39 distinguishes itself with a selection of premium equipment: carbon mast, fully battened mainsail, electric winches, deep keel, and bow thruster, all contributing to both comfort and pure sailing pleasure.

The interior, filled with natural light and offering generous volumes, reflects CNB's signature craftsmanship—a refined, functional, and warm design, perfectly suited for extended offshore passages as well as coastal cruising.

This CNB 60 embodies the perfect balance between performance and comfort and truly deserves a visit—it will not leave anyone indifferent.
