Description

The Positano 32 Open represents a perfect synthesis between tradition and innovation. Born from the long experience of the Nautica Esposito shipyard, this 10.5-meter gozzo combines classic Mediterranean lines with modern solutions designed for comfort and safety on board. It is the ideal boat for those who want to experience the sea in style, without sacrificing reliable performance and well-organized spaces.

One of the most common problems when choosing a boat of this size is finding the right balance between outdoor and indoor spaces. Too often, the cockpit is sacrificed or the cabins are not fully livable. The Positano 32 Open solves this with a clever layout: large sundecks, convivial cockpit and cozy interiors. In this way, every outing at sea becomes a pleasant experience for owners and guests.

The deck is entirely covered in teak and offers a generous bow sundeck, perfect for moments of relaxation. The central cockpit houses a dinette with wooden table and comfortable sofa, flanked by an outdoor kitchen complete with sink and hob. At the stern, the swim platform allows easy access to the sea, enhancing the convivial aspect of the boat even more.

Thanks to two 250 HP engines, the Positano 32 Open guarantees a cruising speed of around 24 knots and a maximum of 29, with optimized fuel consumption. It is the ideal choice for those looking for a gozzo with modern performance, safe and capable of offering autonomy for coastal cruising in complete comfort.
