

sunseeker Predator 52

435 000 € All Tax Included

Description

Beautiful example of a well-maintained SUNSEEKER PREDATOR 52 from 2008.

Fitted with twin MAN R6 800 (800 hp) with only 780 engines hours.

The vessel offers a total of six berths, distributed among three cabins. These accommodations include a VIP guest cabin located in the forward section, as well as twin bunk beds situated on the port side. Spanning the entire width of the boat, the master cabin boasts spaciousness and is complemented by a lavishly sized shower and WC.

Positioned on the lower deck, the galley is thoughtfully equipped to comfortably serve six individuals. Its delightful ambiance is accentuated by an abundance of natural light, courtesy of the forward windscreen. On the upper deck, elegantly positioned on the starboard side, the helm impresses with its ergonomic design, featuring an opening window and a retractable hard top that allows for an unhindered connection to the surrounding environment, as desired.

Within the salon, a captivating U-shaped seating arrangement encircles a splendid Satin Cherry table, serving as a symbol of the vessel's interior opulence. Throughout the entire boat, this theme permeates the meticulously curated finishing touches. The cockpit boasts a remarkable feature in the form of a beach seat, gracefully positioned above the crew cabin, which, in the case of this particular vessel, has been adroitly repurposed for storage. Furthermore, the bathing platform offers the convenience of functioning as a launch and recovery system for the tender.
