PRICE UPON REQUEST

Description

Solemar expands the SX LINE with the arrival of the new SX25, an entry-level model that encompasses all the quality and luxury typical of the brand, but with a more affordable size and price.

The new SX25 inherits the distinctive details of its big sisters (such as the bold roll bar and modern automotive-style console), offering unparalleled comfort, style and performance in just 7.80 meters overall.

Key features:

Solemar tested hull, Category B homologation

Length 7.80 m – width 2.96 m (2.48 m with deflated tubulars → trailerable)

Capacity up to 12 people

Patented asymmetrical layout to optimize space and movement

Large space under the console, optional toilet with black water system

Very rich standard equipment: electric winch, EVA deck covering, complete upholstery, stern platforms with retractable ladder

The Solemar SX25 represents the perfect balance between compactness, luxury and functionality. A boat designed for those looking for a large inflatable boat, easy to manage and transport, without sacrificing the unique Solemar style.

Accessories notes:

Overall length -7.80 m

Homologation length - 7.15 m

Overall width -2.96 m

Width with deflated tubular -2.48 m

Maximum height with rollbar -2.85 m
