Description

NEW SAXDOR 400 GTO – NEW BOAT TO ORDER

DO YOU WANT TO HAVE AN INNOVATIVE BOAT AT AN UNBEATABLE PRICE?
THEN CONTACT US FOR MORE DETAILS ON THE ENTIRE SAXDOR RANGE.....

The Saxdor 400 GTO is a highly anticipated flagship model that embodies exceptional performance and cruising efficiency. Built on a double-step hull and designed for two outboard engines, the Saxdor 400 GTO promises an exceptional on-water experience.

The open wheelhouse extends to the full width of the boat, maximizing interior living space and offering direct access to side terraces, a unique design feature that enhances the functionality of the balconies and creates a private island experience while resting.

The lower deck houses a spacious double cabin in the bow, a separate bathroom, an option for a children's cabin and a double cabin amidships.

All executed with impeccable design and a sense of style, making it a real treat for the eyes.

Thanks to the use of vacuum infusion techniques in the construction process, the Saxdor 400 weighs significantly less than a hand-rolled boat. Advantages in consumption, but also in performance. already with the standard outboards, two 300 hp Mercury V8s, speeds of around 40 knots can be easily reached. With the two sportier 400 horsepower engines (optional), the top speed rises to over 50 knots.
