NEW SAXDOR 270 GTO – NEW BOAT TO ORDER

DO YOU WANT TO HAVE AN INNOVATIVE BOAT AT AN UNBEATABLE PRICE?  
THEN CONTACT US FOR MORE DETAILS ON THE ENTIRE SAXDOR RANGE.....

Designed with a distinctive double-step hull and a net deadrise angle of 20 degrees, the Saxdor 270 GTO promises efficient and agile performance on the water, standing out in its category. This design is integral to the boat's exceptional maneuverability and contributes to its ability to cut through the water with minimal drag.

The performance of the Saxdor 270 GTO is further enhanced by its lightweight and robust construction, achieved through advanced vacuum infusion techniques. This construction method not only reduces the weight of the boat, allowing for greater speed and fuel efficiency, but also ensures its robustness and durability.

The Saxdor 270 GTO is now available with 2 x 200 hp Mercury V6 engines for the price of a Mercury V8.

The only model in its class with the possibility of having two engines. The 270 GTO is the ideal choice for sun worshippers. With two sundecks, one forward and one aft, you'll have enough space in the sun to relax and unwind when you need it. Once finished, the aft sundeck can be reassembled and transformed into a comfortable dining sofa.

List of Standard Equipment and Engines Included in the Price of € 120,000 + VAT :
