

SALE NEW

apreamare Gozzo 35

Description

The Apreamare 35' is the most emblematic yacht in the range. It is the result of a modernisation of one of the great classics of Neapolitan ports. The Gozzo 35', whose hull has been completely reinvented by Marine Design, is the model that has built the shipyard's reputation and extended the term 'Gozzo' throughout the world.

This new version has been carefully designed by Marco Marco, who has also been responsible for the design of the hull.

This new version has been carefully designed by Marco Casali in collaboration with Cataldo Aprea, and offers a new lease of life to this icon thanks to more modern curves. Its hull, with its charming lines, is recognisable by its two intense shades of blue.

In spite of the similarities that may exist between the two models, there is no doubt that the new version has a lot to offer.

Despite the similarities that this new Gozzo may have with previous versions, a subtle touch of contemporaneity has been added while still meeting the aesthetic standards set for Gozzis. Several engine options available.
