Description

The Apreamare 35' is the most emblematic yacht in the range. It is the result of a modernisation of one of the great classics of Neapolitan ports. The Gozzo 35', whose hull has been completely reinvented by Marine Design, is the model that has built the shipyard's reputation and spread the word "Gozzo" around the world.

The new design reflects the most modern concepts in terms of performance, stability and speed, emphasising the elegance of the lines, the quality of the precious wood finishes and the vast, comfortable outdoor spaces for enjoying the views of the coast and the sea. The hull, with its charming lines, is recognisable by its two intense shades of blue.

The command station is located in the centre of the boat.

The bow offers a large sundeck, very comfortable and panoramic, with an armchair at the end, to enjoy the navigation from a unique point of view.

At the stern, there is a large deck for comfortable lounging and the rear platform is easily accessible. The boat has 60 H engines
