Description

CATAMARAN "Cocoon" by Vamoz Yachts from Flash Catamarans, 2018. Spanish Flag. Price excluding tax.

This unique motor catamaran, with a very innovative and eye-catching design, is little known in the current nautical market.

It offers significant advantages: its reduced length allows for significant savings on any mooring, it has vast spaces with a living area of nearly 70 square meters, making it a boat that can be compared to a much longer motor vessel, a sturdy hull designed for high performance sailing, a spacious fly-bridge with a large solarium and an integrated helm station. Its two 45 HP Yanmar engines and very user-friendly electronic equipment allow for significant maintenance savings, as this boat is designed to achieve minimal consumption with high performance.

Viewings possible by appointment every day in the Valencia region.
