bayliner C 21i

70 327 € EX. VAT

Description

The C21i model with sterndrive propulsion stands out for its focus on comfort and functionality. Designed with a "cuddy-first" approach, it perfectly combines a spacious berth with generous seating, ample storage space and practical deck space. Its versatile configuration supports long cruises and entertainment with the addition of an exceptionally spacious aft sundeck, perfect for sunbathing and relaxing.

- Refined design: Sculpted hull with clean, elegant and sporty lines, as well as an elegant wraparound glass windshield with a very balanced and modern design.
- Spacious layout: Large aft entrance into the cockpit and large swim platforms for safe and easy boarding, and access to the water and sea.
- Versatility: Multi-purpose cockpit area suitable for sailing, relaxing and dining.
- Maximum Storage: Large and comfortable stowage capacity from bow to stern, including floor lockers/shoe racks, under-seat lockers, and lockable storage compartment.
- Technology-centric design: Intuitive onboard technology, including inductive phone chargers, VesselView link, and Simrad GO9 screen.
- Increased fuel capacity, overall length and maximum capacity compared to the C21 outboard version.
