jeanneau Db 37 ob

499 000 € ALL TAX INCLUDED

Description

On board the DB/37 OB you will be overwhelmed by a load of intense emotions: you will savor the thrill of high-speed sailing, relax at anchor in the midst of breathtaking nature and savor the welcoming elegance of the boat, during the starry nights in the luxurious cockpit or inside the forward cabin.

Elegance and power are at your service on board the DB/37 OB. Boasting a contemporary and distinctive silhouette, this premium day boat, with a hull designed by Michael Peters, demonstrates its excellent and comfortable sailing ability.

Fast, agile and easy to maneuver, the DB/37 OB flies over the water, powered by twin outboard engines capable of thrilling the pilot. Passengers are not forgotten on board this sporty, but protective boat, with a large integrated windshield, two comfortable seats next to the pilot, two modular terraces facing each other, which can be removed for an opening to the sea... And for those who like the splash of the sea, a sundeck at the front is accessible via two secure, recessed side passages.

The DB/37 OB offers exceptionally smooth movement on board. At anchor, its side terraces can be deployed for even more space on board. Access to the sea is facilitated by two ladders, one retractable and one very large aft.

Gathered around the outdoor table, guests enjoy an uninterrupted field of vision, open to the landscape and the horizon.

Parties, dinners with friends or enjoying the warmth of the sun between one dip and another is the best on the DB 37.
