

SALE NEW

azimut Grande 30m

PRICE UPON REQUEST

Description

Grande 30M represents an evolutionary leap in the luxury yacht line, combining stylistic innovations and functional design.

The exterior design, curated by Alberto Mancini, offers a harmonious fusion between spaces, encouraging dialogue between man and nature.

Features such as the Deck2Deck™ Terrace and the Infinity Skydeck allow for a smooth transition between rooms, while the interior design of m2atelier creates informal and welcoming environments.

Grande 30M is part of Azimut's Low Emission Yacht family with a reduction in fuel consumption and CO2 emissions of up to 30%.

LOCATIONS

A HORIZON TO LIVE IN

Grande 30M asserts its identity with lines of absolute purity, enhanced by the Infinity Skydeck – here for the first time in a walkaround version – which unites the Upper Deck in an uninterrupted flow from stern to bow. The Glass House's floor-to-ceiling windows vanish, transforming it into a panoramic living room suspended over the sea.

™ DECK2DECK TERRACE

Grande 30M amazes with a surprising terrace overlooking the water, created by the lifting of the transom, which transforms the cockpit into a convivial and versatile environment. Transformable furnishings enhance the multiple configurations: a welcoming lounge for relaxation and daytime entertainment, or an "al fresco" dining room thanks to the walkaround table, with a boundless view of the horizon.
