

SALE PRE OWNED

princess V45

285 000 € + VAT

Description

2008 Princess V45 Princess V45 (2008) in Turkey. Very well-maintained yacht, regularly serviced and carefully used. Equipped with: + 2* Volvo Penta D6 375 hp Motors + generator + water maker + winter and summer covers + 2,6-m tender with outboard engine + 100 meter chain and Ultra anchor + All needed Raymarine navigation, incl. radar + Bow and stern thrusters During the last 2 years the owner has spent almost 30.000 € for the deep engine maintenance, after the engines reached 990 hours. Now the engines have around 1130 hours and NO problems. In 2021 both the rudders and propellers were changed with the 2021 new-models (spent almost 20.000 euros for that). All of these things have been made with the official Volvo Penta services. In late June 2023 the owner told me the following: "We have made some changes: 1) All valves of the boats are changed as they were getting old. 2) All hoses are changed. 3) All bilge pumps has been changed. 4) Clean Water tank has changed with polyurethane tank. 5) Yearly maintenance has been done for outside of the boat – engines and tail. We have spend about 25.000 € for these." The owner makes maintenance every year for generator, motors, water maker and air conditioning. According to him everything works perfectly! The yacht is worth coming for a viewing, please contact us via Whatsapp or call any time!
