baia Baia 40

79 000 € ALL TAX INCLUDED

Description

The Baia 40 is a timeless classic of the Neapolitan shipyard, synonymous with solidity, performance and Mediterranean style. This 1990 unit stands out for its excellent state of maintenance and for a series of important works carried out in 2025, which have renewed both its aesthetic and technical parts, making it buoy-ready and perfectly efficient.

The most recent interventions include: new smoked windshield, installation of the bow thruster, complete overhaul of the Arneson transmissions, overhaul of the inverters with extraordinary maintenance on the starboard inverter, complete service of the engines, stern platform redone in teak and new external refrigerator (2024).

Powered by two Caterpillar 3208 DITA engines of 435 HP each, the boat offers sporty performance and exciting navigation, with balanced fuel consumption and excellent maneuverability thanks to the Arneson surface propeller transmission. The shallow draft of only 0.80 meters allows easy access to even the shallowest bays.

The technical equipment includes Garmin GPS/Plotter, depth sounder, VHF, inverter and TV/stereo system, while the external layout, embellished with large teak sunbathing cushions and cockpit, invites relaxation and conviviality.

A boat with timeless charm, perfect for those who want a reliable, well-kept and up-to-date sports open, capable of combining the Baia tradition with careful modern maintenance.
