

SALE NEW

sessa marine Fly 60

2 191 900 € EX. VAT

Description

The Sessa Marine F60 embodies the evolution of the sporty flybridge concept according to the Italian brand. With its 18.30 meters in length and an agile and high-performance hull, this 60-foot yacht combines power, elegance and comfort in perfect harmony. The sleek lines, the large side windows and the imposing flybridge express a contemporary design that conveys strength and dynamism at first glance.

Powered by a dual Volvo Penta IPS 800 or optionally IPS 950 engine, the F60 reaches a top speed of 30 knots and a comfortable cruise of 24 knots, ensuring efficiency, stability and uncompromising sailing pleasure. The aft platform with access to the garage for tenders or jet-skis up to 2.80 meters, together with the large lounge areas in the bow, cockpit and flybridge, make life on board a refined and relaxing experience.

The flybridge, the true social heart of the yacht, offers a second panoramic wheelhouse, dining area with L-shaped sofa, wet-bar and optional T-top, transforming into a terrace suspended over the sea. Italian design is reflected in every detail, in the attention to proportions and in the choice of materials. With the new F60, Sessa Marine redefines luxury sports sailing, combining performance and style in a single, unmistakable creation with Italian DNA.

Interior description

The interiors of the Sessa Marine F60 represent the perfect synthesis of contemporary elegance, functionality and comfort. The layout of the Main Deck stands out for the convivial layout of the saloon, where the open-plan galley integrates with the living area, illuminated by large
