hayri kutlu Goélette 19m caique turque marmar 260 000 € + VAT

## Description

19M Schooner Turkish Caique MARMARIS from 1988

Total refit in 2023

Flag: PANAMA

L.O.A: 23.30m

Price: Excluding VAT

Pen Doar, originally named Buyuk Amiral, was designed in 1988 by its commissioner to navigate towards the Red Sea and the Indian Ocean. This boat is comfortable and handles the high seas and 50-knot winds very well. We have had the opportunity to verify this on five occasions. From 2018 to 2023, we undertook a complete refit to make it autonomous and capable of transoceanic voyages.

### Modifications and Improvements

- Hull: The hull planking was replaced with Tali wood from Guinea-Bissau, a fire-resistant, rot-proof, extremely hard wood of 6 cm thickness, with very corrosive essential oil.

## Building / facilities description

Pen Doar accommodates 10 people on a cruise with 3 double en-suite cabins for 6 people and 4 additional berths. A spacious cockpit with a U-shaped seating area and a steering column is centered around a double door that leads to a 360° glass-enclosed wheelhouse with anti-breakage glass (4+1+4/8/3+1+3). On the port side, there is the pilotage area with a door for direct access to the deck, and on the starboard side, a dining table. A staircase leads to a lounge area with a home cinema TV, a small washbasin adjacent to it providing access to the machinery, and on the port side, a fully equipped kitchen. From the lounge, a small corridor has a hatch that can serve as an emergency exit. A laundry workshop in the forward compartment (with a berth), which also serves as a sail locker, communicates with the deck and serves as an emergency exit. In the aft, there are 2 technical rooms and the machinery.
