The Uniesse 42 is one of the most authentic expressions of Italian shipbuilding tradition in the open motoryacht segment, established since the 1990s as an iconic model for its perfect balance of elegance, performance, and solid construction. Its sporty yet timeless lines, distinctly Mediterranean in style, are paired with a hull designed to ensure comfort and safety even in rough seas, reflecting a philosophy focused on true seakeeping. The interiors, refined and functional, offer impressive volumes for her category, with welcoming and well-distributed spaces, ideal for enjoying life at sea in style.

The Uniesse 42 is also very well equipped, featuring a bow thruster, generator, Raymarine electronics with autopilot, hydraulic gangway, aft bathing platform, and a fully equipped galley with double fridge (indoor/outdoor) and a ceramic cooktop.

Between 2024 and 2025, she has undergone a significant refit, including a full overhaul of engines, shafts and heat exchangers, propeller rebalancing, new interior carpeting, new sun awnings, and replacement of seacocks. The teak on the bathing platform was renewed in 2020.
